Himitsu San

Secret No. 3. Everyone has a secret. Secrets live in each of us. The most perceptive and intuitive among us will sense their presence. Though, for many, secrets remain elusive.

At first glance, Himitsu™ San conjures memories of nubby wools and the organic slubs in raw silk. But there is more to this than first meets the eye. Himitsu San maps that layered field of the unrevealed or obscured. The discerning eye sees the rich surface texture slightly masking a subtle subtext, where soft hues and shadows create visual depth.

Himitsu San has an irresistible palette of 14 colors (we love this so much we could not stop at 12) that explores the new meaning of neutral—complex and nuanced, while the texture covers the floor seamlessly. Now, the secret is out!
